

GLUTEN-FREE FOODS

Gluten is a protein found naturally in common cereal grains such as wheat, rye, barley, spelt, kamut and their derivatives. Because gluten is found in many foods, grocery shopping can be challenging. If you need to avoid gluten due to celiac disease, allergy or any other reason, Bashas' can help you find private-label gluten free foods available in our stores. **Ingredients can change, so always read food package labels carefully. If you require additional assistance, contact Bashas' Registered Dietician.

Bashas' Food Club - Private Label Gluten-Free Product Listing:
